Dear Mr. Talaat,

How sweet of you to have thought of sending me this booklet about the Saad-el-Aali : nothing could please me better than to admire the beauty of that masterpiece.

I receive daily the "Progrès Egyptien" and was well informed ; I could also follow on television the memorable and historical moments of the diversion of the Nile. In many magazines too, I read reportages about it ; I have just received LIFE of 1st June which gives the best photos of the High Dam I ever saw.

You know how much I like your beautiful country which I consider also mine and you can be assured that during all these days, my heart was with you all.

I am already looking forward to have the pleasure of seeing you at the

With my best wishes

Dear Mr. Pratt,

I am glad to hear that you have thought of
reading my book about the Nile -
I shall be glad to send you a copy if you
will let me know the address to which it should
be sent.

I received your letter of the 17th and was
glad to hear that you were well and that you
could also follow on television the
reception and historical moments of the
diversion of the Nile. In many respects
too, I read your letter about it. I
have just received 1/2 of the book which
gives the best photos of the Nile as
I ever saw.

You know how much I like your
beautiful country which I consider also
very and you can be assured that during
all these days, my heart was with you
all.

I am already looking forward to
giving the pleasure of seeing you at the
