Aswan, UAR.

Dear Mr. Talaat:

Before settling down to the big job of composing my article on the UAR, I want to thank you for your great kindness and hospitality. My visit to the High Dam was a truly unforgettable experience, and I deeply appreciated your long, excellent briefing during the afternoon. I am returning from your beautiful country with the best possible impression. Again, many thanks, and all good wishes. Should your work ever take you to Rome, I hope you will give me the pleasure of a return engagement!

Sincerely yours,
