Dear Mr Talaat,

My wife and I felt we must write to let you know how very much we appreciated our visit with you to the High Dam and how interesting you made it for us.

Your explanation of the whole project made it all clear to us and it was most kind of you to take such a lot of your time and trouble on our behalf. It was also a real pleasure to make your acquaintance. If you are in this country at any time, we shall be glad to welcome you at Earl Soham.

It was raining when we

arrived at London Airport. Now it's  
raining again! You don't know how  
lucky you are to have a dry climate!

My wife joins me in sending  
our kindest regards and our best wishes  
for the success of your great Project.

Yours Sincerely,

Anthony Daniell.
