Dear Mr. Ahmed Talat,

I am very thankful to you for the warm hospitality shown by you to me and other members of my party during our brief visit to the High Aswan Dam on the 9th of this month. It was indeed very good of you to have put yourself to a very considerable trouble inspite of the fact that it was 'Ramadan' when you should have been quite tired with making arrangements for celebrations of the 5th Anniversary of High Dam.

Please convey my thanks and gratitude to all the Officers whom you deputed to show us round and accompany us to the aerodrome. Please also convey my thanks to Mr. A-El-Khalek Mikhemas of the Agricultural Extension Department at Aswan.

Thanking you once again and kind regards,

Yours sincerely,
